

PEACE CIRCLES

Creating a foundation for peace within yourself, your life and intentions for others.

Peace is a natural state of being that fosters connection and wholeness within the flow of life. Peace Circles is a precise formula that accesses the Divine Source through a lead meditation process. It unravels the fear of separation by releasing the blocked energy held in painful stories where one can feel victimized. What arises is a relaxed state of being, restoring trust and clarity so the Soul can express its inspiration and authenticity.

This process is offered in a sequence of 4 and is available both in person and on line. Course fee is \$54.00
